Seasoned Software Developer and Lead Tech Manager

I'm Marvin Zachary, a seasoned software developer and Lead Tech Manager with over five years of experience in diverse programming languages and frameworks, including Java, PHP, Python, React, AngularJS, and WordPress. I specialize in creating tailored and efficient solutions that align with each client's unique needs.

WORK EXPERIENCE

Afroconnect • Vancouver, BC • 07/2023 - 08/2024

Lead Web Developer

- Successfully developed and launched stores.afroconnect.app, a robust multivendor e-commerce platform that allows various vendors to showcase and sell their products.
- Integrated advanced features like vendor dashboards, product management, and real-time sales tracking.

Fiverr • Florida City, FL • 02/2020 - 11/2022

Freelance Web Developer

- Developed and deployed several custom e-commerce platforms for clients, including multivendor marketplaces and niche product sites, leveraging frameworks like WooCommerce, Shopify, and custom PHP solutions.
- Provided end-to-end web development services, including front-end design, back-end programming, and database management, ensuring seamless user experiences and robust performance.

Global Peace Foundation • Nairobi • 05/2016 - 09/2016

Lead Facilitator

- Led a comprehensive training initiative on child online safety, successfully reaching and educating over 1,600 high schools across Kenya.
- Spearheaded a nationwide training program in partnership with Intel, aimed at improving computer literacy among mothers.

KENYA RED CROSS SOCIETY • Nairobi • 09/2015 - 12/2015

IT Department Intern

- Provided comprehensive support in both front-end and back-end maintenance of the Kenya Red Cross website, ensuring it remained functional, up-to-date, and user-friendly.
- Delivered technical assistance for computer maintenance and user support, helping to resolve issues promptly and maintain smooth operations within the ICT department.

Mukuru slum development project • Nairobi •
